

Dear colleagues,

The Conservation-Restoration Department of the Arts Academy in Split and the Museum Documentation Center in Zagreb are organising an online workshop on earthquake damage mitigation for collections. The program will be led by two retired experts of the Getty Museum, conservator-restorer Jerry Podany and mountmaker McKenzie Lowry.

The workshop will take place next week on Zoom, from Monday to Wednesday. There is no participation fee.

The workshop was initially intended only for Croats audience. We have made a last minute decision to allow colleagues from neighbouring countries to apply for the workshop, as well. (The call is limited to countries whose financial situation is similar to Croatia's.)

We invite you to register for the workshop, and to disseminate this information among your colleagues.

The program of the workshop is attached to this email.

The workshop will take place according to the following schedule:

- Day 1 (November 29th), 3 - 6 PM CET
- Day 2 (November 30th), 3 - 5.30 PM CET
- Day 3 (December 1st), 3 - 7 PM CET

You can register here (please do it today or tomorrow): <https://bit.ly/3k8ek9v>
